ROEL R. HINGABAY

has successfully completed the online Specialization

Exam Prep PL-400: Microsoft Power Platform Developer Assoc.

Krishna Srinivasan
Co-Founder & CEO

Congratulations! Completing Exam Prep PL-400: Microsoft Certified Power Platform Developer Associate means you've mastered extending the Power Platform with seamless integrations, workflow automation, and application building. This certification validates your ability to: Develop & Automate: Build advanced Power Apps and automate workflows. Integrate & Connect: Link Dataverse with Azure services via Web APIs and Azure Functions. Analyze & Administer: Use Power BI for data insights and manage Power Platform environments. By earning this, you're a skilled Power Platform Developer, ready to drive innovation with its services and Azure integrations.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
