

3 Courses

AI Infrastructure: Introduction to AI Hypercomputer

AI Infrastructure: Cloud GPUs

AI Infrastructure: Cloud TPUs

Oct 9, 2026

Google Cloud Training

ROEL R. HINGABAY

has successfully completed the online Specialization

Google Cloud AI Infrastructure

This certificate validates your expertise in AI Hypercomputer architecture and GPU/TPU acceleration. You've mastered defining the value and architecture of AI Hypercomputers and GPUs, identifying their common use cases, and differentiating between various deployment options. You've also learned to select the right GPU/TPU machine types and provisioning platforms, explore optimization techniques, and implement strategies to maximize performance and efficiency for AI workloads.

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
